CULPEPPER & TERPENING CONTINUE TO PROVIDE SURVEYING FOR SLC HABITAT FOR HUMANITY AS COMMUNITY SERVICE

(Fort Pierce, FL) – Another family will soon know the joys of homeownership thanks to the many, many volunteers committed to the Habitat for Humanity organization. The keys for the latest St. Lucie County home will be turned over to Cynthia Hamilton and her children Daniel and Khadejah Holland prior to Christmas. For the past four years Culpepper & Terpening have provided all surveying for the St. Lucie County Chapter of Habitat for Humanity without compensation for their services. The surveying includes the original lot survey as well as preparing the site plan, staking out the corners of the homes and performing a formboard survey. Under normal circumstances each one of these rounds of surveying would average at approximately \$1,300.00 per home.

Culpepper & Terpening is a multidisciplinary consulting firm with over three decades of specialization in civil engineering and surveying services on Florida's Treasure Coast. Culpepper & Terpening has pioneered the solutions to some of Florida's most unique engineering challenges for both public and private clients. As the region has grown, so has the organization to comprise seven disciplines necessary to further facilitate the Treasure Coasts' Infrastructure needs; Transportation, Utilities, Schools and Institutions, Land Development, Surveying, Construction Inspection and Finance. Culpepper and Terpening is located at 2980 South 25th Street in Fort Pierce and may be reached by calling 772-464-3537 or visiting ct-eng.com on the web.
